26 March 1968 - 1030 Hours

2. Honor Awards Lapel Devices

Mr. Wattles recounted the various steps resulting from an IG suggestion that lapel devices might be worn by Agency retirees who had received an honor award. The Board had endorsed the proposal, and also enlarged it to include the wearing of such devices by overt employees. Discussions at a higher level have resulted in a decision not to approve such devices at this time.

3. Fitness Reports

Mr. Wattles discussed the question that had been raised as to whether or not fitness reports should continue to be shown to the employee. The policy has been reaffirmed that fitness reports will be shown.

Deputy Director of the Office and should begin with a positive statement on the Office programs. After the opening statement, the Office Heads should be prepared to answer questions prepared by PPB; these questions should be in the hands of each Office Head prior to his program hearing.

Office Heads were asked to pay particular attention in each of their presentations to the SIPS impact. Each Office should speak to the program, to include trade-offs such as personnel savings, reduction of records, availability of total information, etc. This program is important to each Office and is not simply a matter [redacted] to be expected to cover. Mr. Bannerman noted that he will be away during the period 3 - 19 April but will be back for the specific SIPS briefing. Mr. Coffey said that a schedule will be made up so that each Office may give a dry run of their briefing prior to their actual date of presentation.

b. Mr. Wattles:

The parking fees in the Magazine Building have gone up to \$25 a month, and he feels strongly that something should be done by the Agency to alleviate the problem. Mr. Bannerman noted the legal restraints on Government agencies, and the fact that many thousands of Government employees are in the same fix. A previous proposal to bus people from fringe parking areas had no takers. We will dust off the old proposals and see if we can breath some life into them. [redacted] offered to bring the figures and facts of these proposals up to date. It was also noted that the DDI is interested inasmuch as he now has some 600 people in the Rosslyn area.
